

CASES Bulk Membership Offer

Purchasing Bulk Membership for the Chartered Association of Sport and Exercise Sciences (CASES) is a great, cost-effective way to enhance student and staff experience. Membership to the UK's Professional Body for Sport and Exercise Scientists can support students through their studies as well as offering access to exclusive events and resources that are highly valued by both studying and professional members.

CASES can offer a reduced rate for students or professionals from the same institute or organisation with a **Bulk Membership** package.

Benefits of CASES membership

- Increase knowledge and skills - via free webinars, workshops and events.
- Build networks and open doors within the sport and exercise community - attend members only events including specialist Division Days.
- Keep up to date with news, events and research - receive the popular CASES digital publication *The Sport and Exercise Scientist*, monthly e-newsletters and view articles and webinars via the Members' Area.
- Enhance employability and career prospects - access the CASES Careers Guide including 18 job profiles – written by professionals working in the sector.
- Opportunities to save money on events, publishers, products and services - Routledge, Human Kinetics, DELL and many more.
