Technician Commitment

Supporter Form

The Technician Commitment has been developed to address key issues affecting the technical community in academia and research. In becoming a supporter to the Technician Commitment,

The Chartered Association of Sport and Exercise Sciences (CASES)

hereby commits to act across five key areas:

Visibility
Ensure that all technicians within the organisation are identifiable and that the contribution of technicians is visible within and beyond the institution

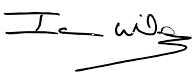
Recognition
Support technicians to gain recognition through professional registration and external awards schemes

Career Development
Enable career progression opportunities for technicians through the provision of clean documented career pathways

Sustainability
Ensure the future sustainability of technical skills across the organisation and that technical expertise is fully utilised

Evaluating Impact
Regularly assess the impact of actions taken in support of the commitment to ensure their effectiveness.

Signed



Name: Ian Wilson

Role: Chief Executive Officer

Date: 5 March 2025

UK INSTITUTE FOR TECHNICAL SKILLS & STRATEGY

Technician Commitment
